- a) Errors. Users have a right to dispute errors in their Transaction. If there is an error, users should contact us within 180 days of the Transaction at 1-800-303-6933 or by emailing mtcustomerservice@voltcash.com. Users can also contact us for a written explanation of their rights. We will investigate the alleged error and make a determination within 90 days following the date the user contacted us. We will communicate the results of such investigation and determination no later than three business days of the date when made or expiration of the 90-day period described above, whichever occurs first. If we determine there was no error, we will send the user a written explanation for such determination.
- b) Problems. Users can cancel for a full refund within 30 minutes of authorizing their Transaction unless the funds have already been picked up, deposited, delivered, or paid to the Recipient or Service Company. However, in some cases, VOLTCASH may have initiated an irreversible request for funds from the user's financial institution prior to receiving the user's request for cancellation. In such cases, the user's Payment Instrument may be debited even if the user cancelled the Transaction, but VOLTCASH will refund the user's money usually within three business days after we have received the funds from the user's financial institution. Refunds will be credited to the same Payment Instrument used to pay for the Transaction. Refunds are only made in U.S. Dollars.
